Easter Activities in Camden

We recently collaborated with the children from Key Stage One Art Club at Edith Neville Primary School.

The theme for their artwork? A celebration of their own neighbourhood - Somers Town. We invited the children to see their masterpieces unveiled on our hoarding which they were so excited to see, and as a small thank you, we gifted the young Picasso's with some Art & Craft sets.

We also had the pleasure of visiting the amazing children and staff at UCLH NHS Foundation Trust and brought over 100 Easter eggs with us to spread some Easter cheer!

Positive Interventions at CST

This is where we ask for your help in improving our site, and our industry.

Please use this to report any event, act or condition that has the potential to cause harm to people or the environment. Please also use this to report good practice and suggestions as well. They will be added to the observation and feedback 'You Said, We Did' boards that we have on the site.
