

CAMDENCONNECTED.COM
Camden Safer Neighbourhood Board

Do you think funding should target only those who are most vulnerable, or be used to protect the community at large?

Camden Council is reducing the funding currently allocated to reducing crime and antisocial behaviour in the borough by 25%. We want to hear from you.

Thursday 30 June, 7.00 pm

Hamilton House, Mabledon Place, London WC1H 9BD

Camden Council is reducing the funding currently allocated to reducing crime and antisocial behaviour in the borough by 25%. We want to hear what services you would prioritise. Do you think funding should target those who are most vulnerable?

We are holding a special event with senior officers from Community Safety who can provide advice on what is being proposed and the likely effects they will have on your community.

There will also be a panel discussion with senior officers who will listen to your comments and respond to what you say.

Food and refreshments will be provided.

What you tell us will be fed into the CSNB response to the consultation currently being under taken on this restructuring by Camden Council. There will be copies of the consultation available for you to complete on the night or you could complete the consultation online: www.camden.gov.uk/communitysafetyreview
