Dear Sir or Madam,

UCLH Cancer Care Trust – Proposed Measures on Huntley Street, Mortimer Market & Capper Street, WC1E

We are seeking your views on the Council's proposal to implement parking changes on Huntley Street, Capper Street and Mortimer Market and the construction of a raised table at the entrance to Mortimer Market.

The council proposes to improve pedestrian safety and accessibility by constructing a raised table (road hump from kerb to kerb) at Mortimer Market at its junction with Capper Street which will help in reducing speeds of vehicles as they turn into and out of Mortimer Market from Capper Street. To accommodate the new raised table minor parking and pavement changes will be required.

The proposed measures include:

1. Construction of a raised table at the entrance to Mortimer Market.
2. Creation of an Ambulance Parking Bay outside of the entrance to UCLH Cancer Care Hospital, on Huntley Street.
3. Creation of 2 Disabled Parking Bays outside of the entrance to UCLH Cancer Care Hospital on Huntley Street.
4. Removal of the 'Keep Clear' road markings on Capper Street, with the implementation of 2 Residents' Parking Bays in place of the 'Keep Clears' markings.
5. The relocation of 1 Residents' Parking Bay on Capper Street outside property no. 2 – 20.

The reduction of Residents' Parking bays on Capper Street and also at the entrance to Mortimer Market is to allow for vehicular movement on entering and exiting Mortimer Market. The drawing attached illustrates the proposed raised table with minor pavement and parking amendments as described above.

The proposed measures will create two additional disabled parking bays for blue badge holders wanting to visit the hospital and the relocation of 3 residents parking bays on Capper Street. As a result of these proposals there will be no loss residents' parking bays. The implementation of the raised table at the entrance to Mortimer Market will provide a convenient level crossing point for pedestrians, promoting pedestrian priority. To assist those with visual impairments, tactile paving will be provided at crossing points.

Director
Rachel Stopard

If agreed, the works will be undertaken in March 2012. All works if approved will be funded by UCLH Cancer Care Trust.

The Council would be pleased to hear your views on the proposed measures. Details on how to respond to this consultation are included at the back of this letter.

This is your opportunity to comment

We need your views as this consultation exercise is intended to find out if there is broad public support for the proposals set out in this letter.

Please send your response by **19 March 2012** to: **London Borough of Camden, Culture and Environment Directorate, Transport Strategy Service, FREEPOST RLZH-UEYC-ACZZ, London, WC1H 8EQ**. Please note no stamp is required and only **ONE** reply per household, business or organisation will be accepted. Alternatively, you can send your response by email to

chris.smith@camden.gov.uk. **You must give your postal address if you want us to consider your views.**

While it will not be possible to reply to you individually, all comments will be taken into account. The Assistant Director of Culture and Environment (Environment and Transport) will make a decision whether or not to proceed with the scheme and you will be informed of the outcome of this Consultation and the Council's decision within three months, where possible.

Under the Local Government (Access to Information) Act 1985, we may not treat your response Confidentially, as it will be available for public inspection. Please only write to us about the Consultation issue. If you want to comment on any other matter, please use a separate letter.

Who is being consulted?

The following are being consulted: All properties within the sections of roads affected by the proposals, local and Statutory Groups, Emergency Services and Ward Councillors.

Please contact the following should you have any queries on the proposals detailed in this Consultation letter.
