

Draft Masterplan for Kilburn Grange Park

6. Habitat Area

- Nature trail created with 'Insect Hotel', log piles and interpretation boards to boost biodiversity and educational value
- Veolia maintenance compound relocated from Hemstal Road entrance with new vehicular gate from Palmerston Road and direct link to park for maintenance

1. Kilburn Plaza/ High Road Entrance

- High quality paved community activity events space
- Tree planting to form Plaza
- Full width ornamental sliding gate
- Park fence line moved to allow evening events and MUGA access
- Lighting to allow evening events
- Screen planting in front of the MUGA
- Proposed electronic kick-wall to side of MUGA
- Park attendants hut relocated to park

2. Grangeway Entrance

- Entrance improvements to gates and surface treatments
- Footpath widened to provide visual link to Play Hut
- Refurbishment of existing tennis courts and improved lighting
- Table tennis tables next to tennis courts

3. Play Improvements

- Opportunities for combined play facility with mix of equipment for all ages
- Connection to youth activity space
- Existing nature trail improved
- Hard paved terrace space for picnic tables and potential 'pop-up' cafe facility space with power, water and potential for toilet facilities

4. Flower Garden

- Existing Rose Garden structure retained and restored
- Planting renewed to increase biodiversity and reduce maintenance
- Tree planting thinned to increase sunlight to planting
- Resurfacing treatments
- Seating enclaves with games tables

5. Play Hut

- Opportunities for adventurous activity relocated to new Youth Activity Space
- Adventure play decommissioned at end of equipment life-cycle
- Potential space for food growing activity
- Play terrace increased in size
