

CABINET – 21ST JANUARY 2015

ADDENDUM TO ITEM 16 – WEST END PROJECT PUBLIC REALM IMPROVEMENTS (CENV/2014/20)

Since the despatch of the agenda, it has been noticed that there were some typographical errors contained in the report. The correct wording is set out below (in bold).

In the main report, the first sentence of paragraph 4.2 (page 984) should be amended to read:

“It is recommended that the West End Project proposals be implemented, as set out in **Appendix D, as they were supported at public consultation**, with two exceptions.”

Chenies Mews - Appendix A, para 18.18 (page 1067) and also in Appendix C under Chenies Mews, Gordon Mansions RA (page 1173) the Officer’s Response should read:

“There is a need for servicing traffic to access Chenies Mews. It is currently no-entry at its junction with Torrington Place. As large vehicles cannot gain access from Huntley Street, **it is proposed that the wide section of Chenies Mews becomes a two-way cul-de-sac** with a no-entry at the narrow northern end into Huntley Street to prevent it becoming a rat run northbound. Smaller vehicles would still be able to access Chenies Mews from Huntley Street. It would be unlikely to become a rat-run in a southbound direction due to the width of the access at its northern end. However, the situation would be monitored before and after implementation.”
