

## We want to know what you think

These questions are about the effects of **climate change** in Camden.

**Climate change** means unusual changes in the weather over a long period of time

How were you affected by the recent summer heatwave and the summer flooding?  
(tick all that apply)

my property was damaged

I couldn't travel

there were power cuts

It made me anxious

I wasn't affected

I don't know

something else  
(please tell us what)

Did you ask for help from any of these services?  
(tick all that apply)

Camden Council

emergency services

Thames Water

somewhere else  
(please tell us where in the box below)

How helpful was the service you contacted?

Is your home a comfortable temperature all year round?

(tick all that apply)

yes

it gets too cold in winter

it gets too warm in summer

Is there anything else you want to tell us about the temperature of your home?

**Camden is ready for climate change – it can easily respond and recover from extreme weather**

Do you agree with this statement? (only tick 1)

yes

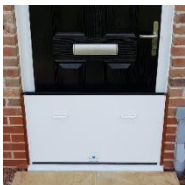

no

don't know

Can you tell us why you chose this answer?

What things would you like to see put in place at your property to help you with extreme weather? (this could be things like rainwater storage or flood protection)

What things would you like to see put in place in the community to help with extreme weather? (this could be things like community action groups)

What things would you like Camden and other organisations to do to help with extreme weather? (this includes the Mayor of London, Government and water companies)

Which answer best describes your knowledge of climate change? (only tick 1)

I know how the climate in London is likely to change

I have some idea about how the climate in London is likely to change

I don't know how the climate in London is likely to change

If you want to learn more about climate change in London, how would you like to get the information? (tick all that apply)

newsletter

in person, in a workshop
