

# Business Permit

## Fees and Terms of Use

There are a number of annual Business Permits available to Camden registered businesses:

- Business accounts north of Euston Road can park in a Permit Bay of a specific Controlled Parking Zone.
- Business accounts south of Euston Road can park in a bay dedicated for their sole use
- Vehicle repair/servicing businesses have a Garage Permit (Business C) that allows them to park customer vehicles in Permit Bays.

The tables below present the existing and proposed fees and terms of use, the main changes proposed include: a new limit on the number of vehicles registered to a permit simplifying the business permit offer, introduction of carbon emission-based charges and the Air Quality Surcharge as well as an increase in permit prices.
