

# Fitzrovia Streateries

Permanently keeping the space for outside dining

# Your New Streateries

In November 2023 we ran a number of consultations on whether to make the trial Streateries across Fitzrovia permanent. Streateries are where we create spaces in the road to allow cafes and restaurants to serve customers outside. These Streateries are supporting our high streets and town centres.

Thank you to everyone who took the time to share their views. We have now made the decision to make the Streateries on Cleveland Street, Goadge Street and Warren Street permanent. We will be making some minor changes to the Streateries at Goadge Street and Cleveland Street. This includes removing some unused Streaterie space on Cleveland Street.

You can read the decision report, our feedback to the consultation responses and details of the changes on our website: [streateries.commonplace.is](https://streateries.commonplace.is).
