

# Christchurch Hill and Flask Walk/ Well Walk Area - April 2025 update

# Making your streets safer and healthier

In January we shared our decision to go ahead with a trial Healthy School Street for Christ Church Primary School and other permanent changes in the area. The Healthy School Street will now start in the Autumn and include traffic restrictions on the following streets:

- Squires Mount
- Christchurch Hill: between Cannon Place and Well Road
- Cannon Place: whole street
- Holford Road: between 7 Holford Road and Cannon Place
- Hampstead Square: whole street

We'll update you again on how to share feedback and apply for an exemption to the restrictions before the trial starts. You can read more on the changes on our website or by scanning the QR code.

**Permanent changes include:** A new public space with plants on Well Walk, new trees and cycle stands on Christchurch Hill, widened pavement on Willow Road, closing the northern part of the traffic triangle on Well Walk to all vehicles and making the southern part two way. Full changes can be found in the decision report. We're planning a statutory traffic management order consultation on the permanent changes later in the summer. The traffic orders and how you can respond will be displayed on local streets, in the Camden New Journal and on our website at :[camden.gov.uk/recently-advertised-proposals](https://camden.gov.uk/recently-advertised-proposals)
