

South End Road Streatery

Permanently keeping the space for outside dining

Your New Streateries

In November 2023 we consulted on whether to make the trial Streateries on South End Road permanent. Streateries are where we create spaces in the road to allow cafes and restaurants to serve customers outside. These Streateries are helping the hospitality sector recover from the pandemic and supporting our high streets and town centres.

Thank you to everyone who took the time to share their views. We have now made the decision to make the Streateries here permanent by widening the pavement to move the Streateries off the road.

You can read the decision report and our feedback to the consultation responses on our website: streateries.commonplace.is.
