

HEALTHY SCHOOL STREETS

Making your neighbourhood safer and healthier

The Covid-19 pandemic has changed how people in Camden live, travel and work. We want our streets to have more safe space for everyone to walk and cycle, for children to get to and from school safely and healthily, for businesses to be able to flourish, to reduce carbon emissions from vehicles and for you to be breathing cleaner air.

Healthy School Streets create a safer and healthier environment by restricting roads outside schools to non-exempt motor vehicle traffic at drop off and pick up times. This enables more children to walk, cycle or scoot to school, with less air pollution, road danger, congestion, and more space for people to interact. The schemes help to discourage car trips, particularly amongst parents and carers, by providing a safe and inviting space for more walking, cycling, and scooting.

Thank you for your comments

Over three weeks during October and November 2022 we ran a consultation on whether we should implement Healthy School Street restrictions on the streets around West Hampstead Primary School, and whether to install two way cycling facilities and bike hangars on Dornfell Street.

Thank you to everyone who took the time to share their views. The proposals were also discussed at the Council's Culture and Environment Scrutiny Committee. Officers also met with a group of local residents to discuss their feedback on the proposals

What's going to change?

On the 15th February 2023, Camden's Director of Environment and Sustainability approved the following changes:

- Introducing a new trial Healthy School Street scheme between 8.30am - 9.30am and 3pm - 4pm, Monday to Friday, during school term time only on the following streets:
 - Dornfell Street
 - Glastonbury Street
 - Ravenshaw Street
 - Broomsleigh Street
- Permanently installing one bike hanger on Dornfell Street and one bike hangar on Glastonbury Street. In response to feedback received during the consultation, we are now installing a bike hanger on each street rather than installing two bike hangars on Dornfell Street as was consulted on.
- Permanently installing two way cycling facilities on Dornfell Street.

Exemptions

The following vehicles are eligible for an exemption from the timed Healthy School Street restrictions:

- Vehicles registered to properties and businesses on Dornfell Street, Ravenshaw Street, Glastonbury Street and Broomsleigh Street
- Any vehicle being used for ambulance, fire brigade or policing purposes
- Refuse collection vehicles
- Door to door services such as Plus Bus and Dial A Ride
- Blue Disabled Badge holders that require access
- Vehicles belonging to parents or carers of pupils of West Hampstead Primary School that have a disability that prevents them from walking, cycling, or scooting to school
- Exemptions for taxis or other door to door transportation for elderly or disabled residents, and their carer(s) (please contact us using the details below to find out more)

If you would like to register your vehicle for an exemption, please visit camden.gov.uk/healthy-school-streets. If you would like to register your interest for a space in one of the bike hangars, please email cycling@camden.gov.uk.

What happens next?

The Healthy School Street changes will be introduced as an 18 month trial. Throughout the trial period, there will be a survey open for you to leave feedback on the scheme. We will write to you again later in 2023 with an update of when the changes will be installed, a reminder of how to apply for an exemption and details of the survey.

You can read the decision report relating to the above which includes our responses to the feedback received, and find out more about exemptions, by visiting camden.gov.uk/WestHampsteadDecision.

If you have any questions, comments or concerns, please contact us at healthy.school.streets@camden.gov.uk. If you do not have access to the internet, please call us on 020 7974 8796 to request a call back from an officer.
